Blood Donors Compete

Chiefland City Manager Mary Ellzey (reclining on left) and Chiefland Wastewater Supervisor Randy Wilkerson (reclining on the right) are seen seconds after completing their donation of blood in competition on Thursday (Dec. 1). LifeSouth Donor Services Technician Brittany Mitchell and LifeSouth Team Leader Chris Smith helped Ellzey, Wilkerson and many other people donate in the blood drive competition between the Chiefland City Hall staff and the Florida Department of Transportation staff in Chiefland.

The LifeSouth Blood Mobile was at Chiefland City Hall 214 E. Park Ave. and at the Florida Department of Transportation office in Chiefland. Donors were allowed to give at either location. All donors received a recognition item and a cholesterol screening. In December, all blood donors will be entered to win an iPhone 7 Plus. Results of the competition will be posted later.
