U Pick Lane From The Air

<https://youtu.be/uHmU8p5-Too>

In this relatively short narrated video, a quick flight over one part of one of the mazes at U Pick Lane on Thursday (Oct. 26) and a little bit in front of the Etheridge house offers a glimpse of one part the area where a lot of fun fall activities wrapped up on Saturday (Oct. 28). While there was not an opportunity for HardisonInk.com to visit more thoroughly this year, people can look at the archived story from 2016 by clicking [HERE](#) and there may be some people who are entertained by this video from Thursday. The corn maze is at the end of its season, after going through a hurricane and some other weather issues.
