Vet Saves Pets

Dr. Ronald Spink, The Family Pet Vet of Chiefland, is seen with Veterinarian Technician Melissa Clifford on Thursday (Oct. 4). It was time for Inky the cat Hardison to be examined and vaccinated. Goldy the cat Hardison, the senior mascot of HardisonInk.com, has her next scheduled visit in 2019. Dr. Spink has donated an animal resuscitation kit to Bronson Fire Rescue. The veterinarian who keeps pets healthy said the BFR did not have one of these devices and he felt that they could use it in the event that they responded to a fire and a dog or cat needed resuscitation. The news tip about this donation came from an anonymous source, and Dr. Spink confirmed it was true.
