THE WORLD – One and a half million hits is a significant number of hits, and 12,000 unique visitors is worth mentioning as well.

The number of unique visitors looking at stories, photos and videos on *HardisonInk.com* reflects another wonderful month's results as the daily news website continues its growth in its eighth year of existence – as reflected by success in October.

Year 8 of *HardisonInk.com* started Thursday, Feb. 1, 2018 with great gains as usual. The monthly report for October shows traffic to *HardisonInk.com* is strong,

HardisonInk.com

according to two independent, automated, third-party traffic-registering programs -- *Google Analytics* and *cPanel*.

There were 12,135 unique visitors in October to *HardisonInk.com*, according to these trusted third-party automated measuring devices.

The 2018 average monthly number of unique visitors to this daily news website is 14,822.

Jeff Hardison, publisher and owner of *HardisonInk.com*, said he is thankful to God for all things.

Beyond that, he added, he is thankful for the continued growth, which shows a strong base of loyal readers, viewers and listeners as the daily news website moves forward through its eighth year of existence, which just started

“The April and May numbers were down a tad,” Hardison said. “We lost three days of any traffic being counted in May because we had to add an ‘s’ to the ‘http’ for security and to register with *Google*. I presume the hyper-text transfer protocol is even better with an ‘s’ on it.”

Not only is *HardisonInk.com* the best source for daily news, he said, but this is also the best platform for advertising because of the traffic to the site.

“Private and public interests recognize advertising in *HardisonInk.com* is the best return on investment for money spent on advertising. This is nice for me to see as well,” Hardison said. “I anticipate making offers to companies and individuals to help their businesses enjoy the benefits of advertising in my daily news website this month (November).”

The numbers for October 2018 are shown in the graphic below, as they are in the same graphic on top:

Hardison, a multiple award-winning daily and weekly newspaper writer and editor, and now publisher and daily news website sole proprietor, said he is pleased to see the tally of individuals who visit the site.

The national advertisements will remain on the bottom of the pages, he said, because local advertisers are better served by being on the right side of the pages and in the body of the pages. The ads for five local Chambers of Commerce currently are at the bottom of the Community Page.

Following are the figures from two independent robotic programs for October of 2018.

UNIQUE VISITORS

The first gauge reflects Unique Visitors.

Webopedia.com defines unique visitor as "a person who visits a Web site more than once within a specified period of time." Software used for this report can distinguish between visitors who only visit the site once and unique visitors -- who return to the site.

The unique visitor is different from a site's hits or page views -- which are measured by the number of files that are requested from a site. Unique visitors are measured according to their unique Internet Protocol addresses, which are like online fingerprints, and unique visitors are counted only once no matter how many times they visit the site after they have visited it twice.

The number of visits is as it says. This is the number of times that these visitors came to pages.

NUMBER OF VISITS

October 2018 – 29,490

Pages Viewed shows how many different pages the visitors looked at. This website has the Home Page, Police Page, Calendar Page, Business Page, Community Page, Life Page and the Leisure Page.

Monthly Average 2018 -110,809

What is a “hit?” When a viewer looks at a page, there are elements on the page that register a “hit.” For instance, if there are four pictures on a page, then that may equal four “hits.” Like all of the gauges, this is a measure of traffic.

HITS

October 2018 – 1,490,866 (almost 1.5 million hits)

Monthly Average 2018 - 1,333,186 (about 1.3 million hits)

“These figures mean there are more people each day who use *HardisonInk.com* as a source for information than any other source in North Central Florida,” Hardison said. “And they return daily. If your product or service is better than the competitors’ products and services, then you will have better odds of being the manufacturer, farmer or other product or service provider of first choice in any market.”

HardisonInk.com continues to grow in readers, viewers and listeners (yes, most of the videos have sound). More and more business owners and other individuals are seeing that this is the best site for Levy, Dixie and Gilchrist counties’ daily news.

And people see it is the best daily news website for accurate reporting.

As for the business side of the daily news website, the owner said this website is the best medium in this market to advertise, which is proved by annual increased revenue -- even though the price of ads remains stable since the site’s inception.

HardisonInk.com has the Weather Bug on the Home Page for all current weather and forecasting needs, including radar and Weather Alerts. It has columns for quilt reports, Christian devotionals and more.

HardisonInk.com provides state news on the BUSINESS PAGE and other pages on occasion when it is merited.

CHECK OUT THE ARCHIVE

"I can't say enough about my wife Sharon Hardison," Jeff Hardison said. "She does so much for me it is incredible. One thing I need to bring people's attention to is our relatively new archive page. Go to any of the seven pages and find the ad for the archive page and click on it.

"A new window will open," he continued. "Just go to the month you want and scroll down. If you see a link that looks interesting, click on it. The newest addition is a direct

link to all of the videos that have been published. Just go to the area on the page that says **CHECK OUT THE VIDEOS**
